

# Introducing the Horse Feathers Veterans Program

At Ray of Light Farm, East Haddam, CT

**Free  
Program**

**Meets  
Wednesdays  
10 am to 1 pm**

The Horse Feathers Veterans Program is an equine assisted learning and wellness program designed exclusively for veterans and first responders. Our program pairs veterans with animals in an educational and recreational setting to help with various types of emotional trauma, including post-traumatic stress. In a safe and educational environment, veterans learn more about themselves through interacting with our animals.

Horse Feathers provides veterans the opportunity to learn about horse care, grooming, stable management, and wagon and cart driving.

Join us and take a timeout from the real world by spending time around the most healing animals on the planet. Our program is once a week for six weeks and may be repeated if desired.

Horse Feathers is located at Ray of Light Farm, 232 Town Street (Route 82), East Haddam, CT. Give us a call at 860-550-1955, or email us at [horsefeathers@rayoflightfarm.org](mailto:horsefeathers@rayoflightfarm.org)
